

**Production Operators-** Component Solutions for Industry are an established manufacturer of wound stainless steel tube products and stainless-steel tube accessories who formed in 1999. The business has consistently been profitable and continues to grow. Due to continued increasing demand, we are seeking **Production Operators** to join our growing team at our busy manufacturing facility in **Thetford, Norfolk**.

This **Production Operator** role would suit a reliable person looking for a new role and willing to learn, a team player with a positive and flexible attitude at work. We are a friendly, hardworking, family-owned outfit. If you are an experienced **Production Operator**, then we would love to hear from you!

These **Production Operator** roles are hands on, involving the operation of tube winding, bending, and welding machines. Using our bespoke machines you will produce parts, check and maintain your work quality and complete production paperwork. There are some manual tasks involved from time to time.

Training will be provided to achieve the required “Core Skills” level and there will be opportunities to increase your pay by gaining additional skills when needed.

The working day is varied because we operate a daily work plan in ‘half day sessions’ changing the job you undertake for each session. The normal working week is 40 hrs and includes a 30-minute paid break. The company operates weekly rotating shift patterns within the hours 6 am to 6 pm Monday to Friday with some flexibility on hours worked.

In return we offer **starting pay of £9.25 per hour** plus a monthly shift allowance of £120 once allocated to a shift. On gaining the required “Core Skills” pay increases to **£10.08 per hour** plus the monthly shift allowance of £120. Further benefits include 25 days annual leave plus public holidays, pension, health care cover, workwear, and PPE.

If you would like to be considered, please apply by forwarding an up-to-date CV as soon as possible to [info@csi-solutions.co.uk](mailto:info@csi-solutions.co.uk). We look forward to hearing from you.
